

## THE MOST VERSATILE STRETCHER-CHAIR SERIES

At TransMotion Medical we strive to help make your work environment as safe and efficient as possible.

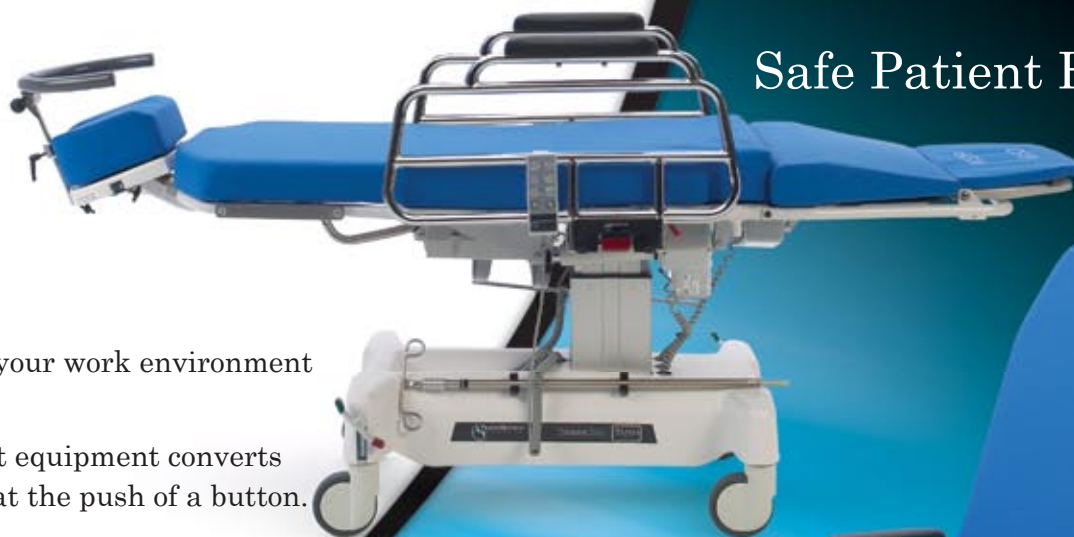

Our innovative line of motorized patient equipment converts from chair to stretcher-procedure bed at the push of a button.

Patients go from admission to discharge on one surface – no transfers required reducing staff injury and patient fall risk.

Conforming to industry mandates of no lift, no transfer.

**TMM3 SERIES**  
VIDEO-FLUOROSCOPY/  
SWALLOW STUDY CHAIR

**TMM5 SERIES**  
MOBILE SURGICAL  
STRETCHER-CHAIR

**TMM6 SERIES**  
POWER DRIVE CHAIR

**TMM4 SERIES**  
MULTI-PURPOSE  
TREATMENT CHAIR

Safe Patient Handling

One patient, one surface™  
from admission to discharge.
